Weight Empty	70 lb / 32 kg
Weight Full	254 lb / 115.2 kg

Health Department Policy

The handwash station must be set up and operational prior to handling food/food contact surfaces. The handwash station must be located in an area that is within 25 feet of all food service and food preparation areas. They must be designated for handwashing only and must be accessible at all times. Multiple handwash stations may be required if the booth is large or has several food service workers. Proper handwashing must be conducted during the event to avoid fines.
